

Objectif: J'identifie et j'effectue des opérations dans des situations variées. (1.3.1.) 😊 😐 😞

La multiplication

1 **OBSERVE** bien les dessins et **ECRIS** les calculs correspondants. **UTILISE** un code couleur si besoin.

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

$$_ \times _ = _$$

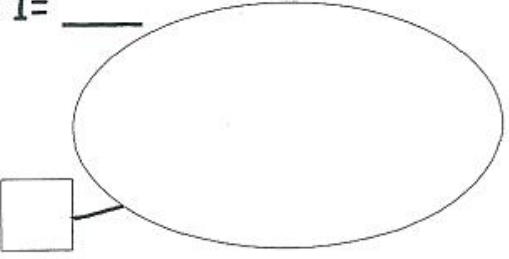

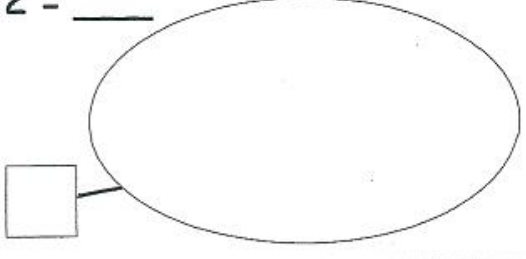

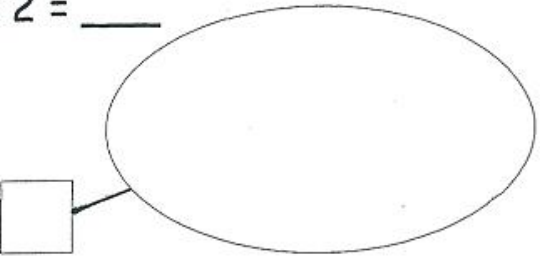

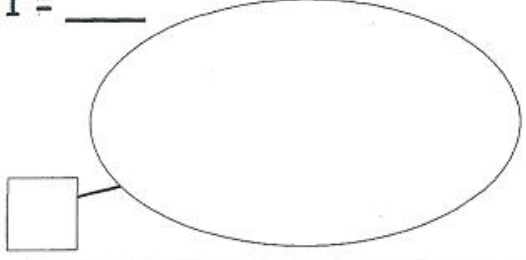

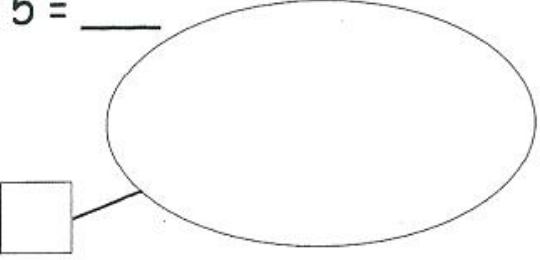

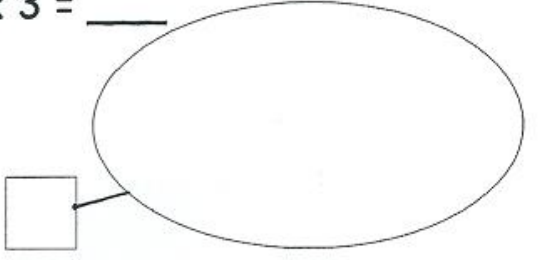

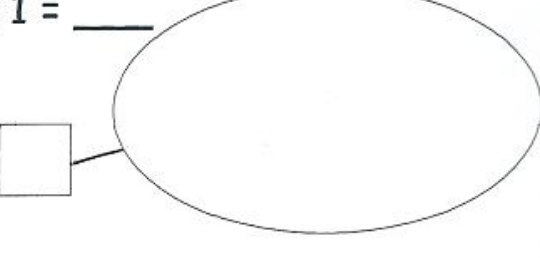

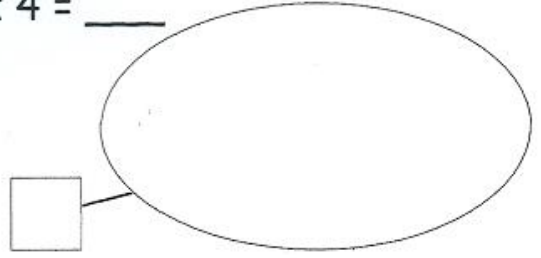

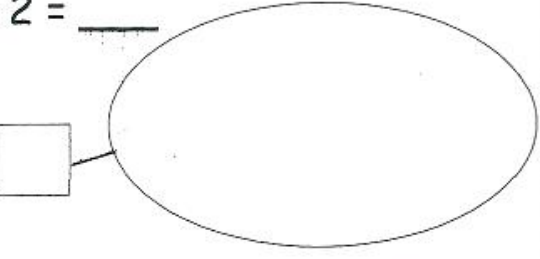

$$_ \times _ = _$$

2 **DESSINE** les paquets et **COMPLETE** le calcul.

___ paquets de ___ s'écrit ___ x ___

$2 \times 4 = \underline{\quad}$	$4 \times 1 = \underline{\quad}$	$2 \times 2 = \underline{\quad}$
$3 \times 3 = \underline{\quad}$	$1 \times 5 = \underline{\quad}$	$2 \times 6 = \underline{\quad}$
$5 \times 2 = \underline{\quad}$	$2 \times 3 = \underline{\quad}$	$4 \times 2 = \underline{\quad}$
$7 \times 1 = \underline{\quad}$	$2 \times 0 = \underline{\quad}$	$3 \times 2 = \underline{\quad}$
$3 \times 4 = \underline{\quad}$	$6 \times 3 = \underline{\quad}$	$0 \times 3 = \underline{\quad}$

3 **COMPLETE** les diagrammes et les étiquettes. **ECRIS** la réponse du calcul.

$3 \times 1 = \underline{\quad}$ 	$2 \times 2 = \underline{\quad}$ 
$4 \times 2 = \underline{\quad}$ 	$7 \times 1 = \underline{\quad}$ 
$2 \times 5 = \underline{\quad}$ 	$3 \times 3 = \underline{\quad}$ 
$4 \times 1 = \underline{\quad}$ 	$2 \times 4 = \underline{\quad}$ 
$3 \times 2 = \underline{\quad}$ 	$5 \times 2 = \underline{\quad}$
